

# **H** TRAILER DRUM BRAKES

Maintain peak braking power with  
Hendrickson Genuine Parts

**H** HENDRICKSON  
Genuine Parts

**Hendrickson**, one of the **leading** OEM suppliers for trailer brakes in North America, assembles over **one million** brake shoes each year.

For nearly **20 years**, Hendrickson has supplied the industry with **high-quality, reliable** drum brake assemblies for various applications.

Hendrickson instills these same **quality and durability standards** into all our **genuine** aftermarket components.

## Quality Brake Lining

Hendrickson features a full line of **high-quality** brake shoe assemblies which are designed to suit various applications and brake ratings. Hendrickson brake shoes are **interchangeable** with most competitor brakes. Please refer to the table below for Hendrickson's proprietary brake linings:

Hendrickson Lining Series	Comparable OEM Linings	Aftermarket Linings	Available Brake Size	Service	FMSI	Max Brake Rating*	Major Overhaul Brake Kit**
<b>H20</b>	Abex 931-162 Bendix ES600	Abex 685 Fras-Le AF-555 Meritor MG2	12.25" x 7.5"	HXS®	4692	20,000	S-31962-1
<b>H20</b>	Abex 3030-197 Bendix ES420 Bendix ES460 Meritor MA212 Meritor MA2001	Abex 6008-1 Meritor MG1 Fras-Le AF-557	16.5" x 7"	STD	4515	20,000	S-21184-1
			16.5" x 7"	HXS	4707	20,000	S-23753-1
			15" x 8.625"	HXS	4710	20,000	S-27783-1
			16.5" x 8.625"	HXS	4711	22,500	S-23754-1
<b>H23</b>	Abex 931-162 Bendix ES600 Meritor MA312	Abex 685 Fras-Le AF-555 Meritor MG2	16.5" x 7"	STD	4515	23,000	S-21184-8
			16.5" x 7"	HXS	4707	23,000	S-23753-3
			16.5" x 8.625"	HXS	4711	25,000	S-23754-3
<b>H26</b>	Abex NAB456 Bendix ES1100 / 800 Meritor MA403	Abex 6028 Fras-Le AF-557	16.5" x 7"	HXS	4707	26,000	S-23753-9
			16.5" x 8.625"	HXS	4711	29,000	S-23754-9
<b>ULTRAA20</b>	Meritor MA210	None	16.5" x 7"	HXS	4707	20,000	S-23753-2
			16.5" x 8.625"	HXS	4711	23,000	S-23754-2

\* Refer to L809 (Consolidated Certificate of Compliance for Air Actuated Brakes) for FMVSS-121 approved brake ratings and brake / chamber / slack / tire combinations.

\*\*Refer to L1104 (Brake Components Parts List) for additional brake kit options.

## Features and Benefits

### HXS® Hendrickson Extended Service™ Brakes

- Additional lining helps extend intervals between brake service
- 27 percent more lining than standard 7-inch brake
- 58 percent more lining than standard 8.625-inch brake

### Hendrickson e-coat

- Rigorously tested and field proven to help prevent rust jacking
- Zero rust jacking warranty claims from 2006-2014\*

\*Based on warranty claims from 2006 - 2014

### Industry's First Standard Trailer Cam Tube System™

- Enhances S-cam alignment and helps extend life of brake components
- Short 10-inch S-cam reduces windup and bushing wear for responsive, consistent stopping power

## Cam Tube System™

In addition to high quality brake linings, Hendrickson's patented Cam Tube System is designed for more efficient braking performance. Our Cam Tube System features a shorter S-cam and beam-mounted hardware to help extend brake component life, improve brake responsiveness and reduce maintenance costs by locking out contamination. As with all of our genuine aftermarket parts, Hendrickson's line of aftermarket brake components helps ensure continued superior performance of your INTRAAX® and VANTRAAX™ integrated suspension systems and TRLAXLE® non-integrated axle.

## Q&A

### Are Hendrickson brake shoes interchangeable with competitor products?

HXS® Hendrickson Extended Service™ 15 inch and 16.5 inch brake assemblies are easily interchangeable with competitor products. Using the FMSI code you can determine which competitor product is equivalent to your brake.

The 12.25 inch brakes were designed to maximize the brake geometry to have full use of the brake lining and are only compatible with Hendrickson brake hardware.

### Does Hendrickson offer Q plus brake shoes?

Hendrickson offers HXS Hendrickson Extended Service brake shoes which are equivalent to and interchangeable with Meritor Q plus brakes.

### Are Hendrickson aftermarket linings the same quality as Hendrickson OEM linings?

Hendrickson aftermarket linings and OEM linings use the same high quality material, setting high standards and regulations for both products. All Hendrickson brake linings comply with Federal Motor Vehicle Safety Standard (FMVSS) requirements.

### How do I determine my brake rating?

Please reference L809 Consolidated Certificate of Compliance for Air Actuated Brakes to determine your brake rating. Simply reference the table that corresponds with your brake model, lining, chamber size, slack length and tire SLR to determine your Gross Axle Weight Rating (GAWR) in pounds.

## HENDRICKSON GENUINE PARTS GUARANTEE

Hendrickson Genuine Parts are the same quality components installed in Hendrickson original equipment suspensions — consisting of the same design, construction, performance and durability. There's only one way to maintain and protect your suspension's original performance — ask for Hendrickson, the name that is synonymous with the finest manufactured suspensions in the world. For additional information, please reference **L595 Genuine Parts Flyer**.

**Original parts. Original fit. Original performance.**
